A.19. Cancellation for convenience

The Buyer may for its own convenience and without charge or liability cancel the procedure at any stage.

Title of the Services Required: [Endline Survey of HOPE – II Project](#)

I. Organization Background

The Lutheran World Federation (LWF) Myanmar is an international non-governmental organization serving the people of Myanmar since 2008. We are a rights-based humanitarian and development organization. Therefore, at the center of everything we do are the people involved in and affected by our work: internally displaced persons, returnees, host communities, poor, and marginalized populations. LWF Myanmar engages with and supports duty-bearers while empowering partner individuals, households, and community development organizations to claim their rights. Within the present LWF Myanmar Strategy 2019-2024, our work spans the realms of humanitarian assistance, recovery, and long-term development, building upon three interrelated programmatic areas: Livelihoods; Quality services; and Protection and social cohesion.

LWF Myanmar is dedicated to promoting children’s rights and ensuring that their welfare and physical security are recognized, safeguarded and protected in accordance with UNCRC; and international, regional and national standards. LWF Myanmar commits itself to create and maintain an environment that promotes its core values and prevent children from physical abuse, neglect, emotional abuse and sexual abuse. Employees are expected to adhere to LWF Child Protection Policy and safeguard children and Protection, Sexual Exploitation and Abuse (PSEA).

2. Project Background and Introduction

Rakhine has the second highest rate of poverty: 78 percent, compared to 37.5 percent nationally, according to the 2016 Kofi Annan Report of the Advisory Commission on Rakhine State and a November 2014 report by the World Bank entitled “Myanmar: Ending Poverty and Boosting Shared Prosperity in a Time of Transition”. Despite the rapid economic growth taking place in other parts of Myanmar over the past years, Rakhine has fallen further behind. Rakhine State is characterized by complex humanitarian needs and challenges in the context of armed conflicts, displacement, ethnic violence, statelessness, trafficking, repressive policies, and systematic discrimination. Reoccurring natural disasters adversely affect investment and opportunities for economic growth through tourism and other sectors. Communities in Rakhine suffer from poverty, poor social services and a scarcity of livelihood opportunities; compounded with the severe restrictions on freedom of movement, the effects are exacerbated for Muslims, both displaced and non-displaced, and also ethnic Rakhine communities in Rakhine.

For this HOPE project II, LWF received fund from Diakonie Katastrophenhilfe (DKH) and German Federal Foreign Office (GFFO) to save lives, reducing impact, and building resilience of internally displaced and most vulnerable host Communities in Myanmar through gender-responsive humanitarian assistance initiatives. Project target for 5 Muslim camps, 20 ethnic Rakhine IDPs and 3 villages in Sittwe, 5 villages in Mrauk-U, 3 Muslim IDP Camps in Pauktaw, and 26 villages in Ann townships in Rakhine State, Myanmar. The project will assist five main activities as follows:

1) Increase access to emergency WASH and Non-food Items/NFIs; 2) enhance protection and safety of the most vulnerable; 3) provide food and nutrition for crisis-hit families; 4) enhance disaster preparedness, fire safety and Mine Risk Education/MRE; and 5) provide cash-based emergency interventions to most at-risk. There are 15 outputs and 35 activities as outlined below to address the urgent humanitarian needs in the proposed project areas. The targeted communities are most vulnerable Households/families, people specific needs (PSNs), people with disabilities (PWDs), U2 Children, Women and youths from Muslim IDP camps, Ethnic Rakhine NDS camps, Host and neighbouring vulnerable communities from Sittwe, Pauktaw, Mrauk-U and Ann townships. In addition, some of the government agencies like the Department of Disaster Management (DDM), and Fire Service Department (FSD), directly mandated for service delivery to the project targeted communities are also included as the secondary targeted group. The project will closely work with duty bearers to help narrow the gap between the right holders and the duty bearers.

At large all people living in the 20 NDS, 8 IDP camps, 8 host communities from Sittwe office and 26 villages from Ann office are the target areas for the project. A total of 13,443 households/HHs and 68,621 individuals (35,093 female and 33,528 male) without duplication will be directly benefited from 24-month nexus project.

The projects directly contribute towards LWF’s Country Results Framework and Global Outcome Framework with the following objectives:

- 1) Access to Quality Services: Increased access to dignified and safe shelters and education facilities
- 2) Access to livelihoods: Increased income and food and nutrition security
- 3) DRR & Fire Safety: Enhanced coping capacity of at-risk communities
- 4) Social Cohesion and peaceful co-existence: Strengthened social cohesion and peaceful coexistence between Muslims IDPs and host communities

One of the most important aspects of the programme is not simply achieving the targets, but rather, the process through which communities gain the confidence, skills, and capacity to claim their rights. The programme is planned and implemented to a certain extent by the communities, with participatory self-assessments, action planning, selection of partner households, and management of community action

groups all run by communities themselves. Therefore, the roles of communities in managing their own development processes is paramount, with increasing ownership burden placed upon communities commensurate with gradual LWF phase-out. This “graduation approach” is central to the sustainable success of the programme and needs to be carefully evaluated. The role of women as empowered actors in their households and communities is also of paramount importance to the programme – including their election to official positions.

Selected reference documents are listed under list of documents below. Electronic versions will be provided to the evaluation team.

This end-line survey is important as it occurs at the end point of a two-year programme, and the findings will be not only measuring the achievement and development step of 2 years project but also crucial towards the development of proposals for the next proposing project as learning and development gap.

3. Purpose of the end-line survey

The purpose of the end line survey is to:

- Review the HOPE II project in line of the 2019-2024 LWF Country Strategy. To what extent does the programme comply with Core Humanitarian Standards?
- Examine the extent to which the HOPE II project has been able to achieve the specific objectives and results as stated in the logical framework and other project documents.
- Assess the suitability of the used approaches and methodologies in relation to the context and the expected specific objectives and results of the HOPE II project.
- Indicate whether the project indicators effectively capture the intended impact of the project and make suggestions for improvement.
- Indicate the best practices as well as development needs of the programme and project management processes and practices of LWF Myanmar.

The end-line survey should be conducted from 06 May through 31 May 2024 together with service provider groups (enumerators) and evaluation team member. The endline report, raw data, a PowerPoint presentation, and a three to five pages abstract (as a stand-alone document) will also serve as a dissemination tool of the project main achievements and lessons learned.

Any conflict of interests which could arise during performance of the Contract must be notified in writing to the Buyer without delay. The Candidate shall replace, immediately and without compensation from the Buyer, any member of its personnel exposed to such a situation.

8. CORRUPT PRACTICES

The Candidate and the personnel shall refrain from performing, condoning or tolerating any corrupt, fraudulent, collusive or coercive practices, whether such practices are in relation with the performance of the contract or not. "Corrupt practice" means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value as an inducement or reward for doing or forbearing to do any act in relation to the contract or any other contract with the Buyer, or for showing favour or disfavour to any person in relation to the contract or any other contract with the Buyer.

The payments to the Candidate under the contract shall constitute the only income or benefit it may derive in connection with the contract and neither it nor its personnel shall accept any commission, discount, allowance, indirect payment or other consideration in connection with, or in relation to, or in discharge of, its obligations under the contract.

The execution of the contract shall not give rise to unusual commercial expenses. Unusual commercial expenses are commissions not mentioned in the contract or not stemming from a properly concluded contract referring to the contract, commissions not paid in return for any actual and legitimate service, commissions remitted to a tax haven, commissions paid to a recipient who is not clearly identified or commission paid to a company which has every appearance of being a front company.

The Candidate further warrants that no official of the Buyer and/or their partner has received or will be offered by the Candidate any direct or indirect benefit arising from this Contract.

9. JOINT VENTURE OR CONSORTIUM

If the Candidate is a joint venture or a consortium of two or more legal persons, all such persons shall be jointly and severally bound to fulfil the terms of the contract. The person designated by the joint venture or consortium to act on its behalf for the purposes of this contract shall have the authority to bind the joint venture or consortium.

For the purposes of performance of the contract, the joint venture or consortium shall act as, and be considered, a single person and, in particular, shall have bank account opened in its name, shall submit to the Buyer single guarantees if required, and shall submit single invoices and single reports.

The composition of the joint venture or a consortium shall not be altered without the prior written consent of the Buyer.

10. SPECIFICATIONS AND DESIGNS

12. REPORTS

The frequency, deadlines, format and contents of the reports to be drawn up by the Candidate in relation to the performance of the contract shall be described in the Terms of Reference.

13. CANDIDATE'S PERSONNEL

13.1. The Candidate shall employ and provide such qualified and experienced personnel as are required to carry out the services, and the Candidate shall be responsible for the quality of the personnel.

The names, outputs, duties and CVs of key experts and the titles, job descriptions, minimum qualifications, estimated periods of engagement in the carrying out of the services of each of the personnel and key experts are described in the Organisation and Methodology part of the contract. The Candidate must inform the Buyer of all non-expert personnel it intends to use for the implementation of the contract. The Buyer shall have the right to oppose the Candidate's choice of personnel.

13.2. No changes shall be made in the personnel without the prior consent of the Buyer. The Candidate shall provide a replacement with at least equivalent qualifications and experience and acceptable to the Buyer if:

- a) on account of death, sickness or accident, a member of the Personnel is unable to continue providing his services,

The Candidate shall proceed swiftly with the request and propose a replacement with at least equivalent qualifications and experience. The remuneration to be paid to the replacement cannot exceed that received by the replaced member of the personnel.

Failure by the Candidate to propose a replacement for a key expert satisfactory to the Buyer, shall give the right to the Buyer to terminate the contract.

Additional costs arising out of a replacement shall be borne by the Candidate.

13.3. Working hours

The days and hours of work of the Candidate or/and its personnel in the beneficiary country shall be fixed on the basis of the laws, regulations and customs of the beneficiary country and the requirements of the services.

14. SUB-CONTRACTING

Except from the sub-contractors listed in the contract, the Consultant shall not subcontract to nor engage another independent Candidate to perform any part of the services without the prior written consent of the Buyer. Sub-contractors must satisfy the eligibility criteria applicable for the award of the contract.

The Buyer shall have no contractual relations with the sub-contractors. The provisions of the contract, including these general terms and conditions, and in particular article 13.2 shall, where practicable, apply to the sub-contractors and their personnel.

15. LIABILITY

At its own expense, the Candidate shall indemnify, protect and defend, the Buyer, its agents and employees, from and against all actions, claims, losses or damages arising from any act or omission by the Candidate in the performance of the services, including any violation of any legal provisions, or rights of third parties, in respect of patents, trademarks and other forms of intellectual property such as copyrights.

Approval by the Buyer of the Candidate's reports and issue of Completion Certificate shall not relieve the Candidate of its liability and shall not prevent the Buyer from claiming damages.

The Candidate shall remain liable for any breach of its obligations under the contract for such period after the services have been performed as may be determined by the law governing the contract (the "liability period"). This time limit does not however apply when the damage arises from gross negligence or wilful misconduct of the Candidate.

During the liability period, or as soon as practicable after its expiration, the Candidate shall, at its expense, upon instruction of the Buyer, remedy any deficiencies in the performance of the services. In case of default on the part of the Candidate to carry out such instructions, the Buyer shall be entitled to hire another Candidate to carry out the same, at the Candidate's expense.

16. INSURANCE

Within 20 days of signing the contract, the Candidate shall take out and maintain, at its own cost, a full indemnity insurance policy covering its professional liability under the contract and article 15 above, from the commencement date and until the end of the liability period.

Within 20 days of signing the contract, the Candidate shall take out and maintain a full indemnity insurance policy for a sum up to the higher of the

maximum amount foreseen by the legislation of the country of the Buyer and the amount foreseen by the legislation of the country in which the Candidate has its headquarters and covering, during the period of implementation of the contract, the following risks:

- e) such other insurance as required by the laws in force in the beneficiary country.

Prior to the commencement date, the Candidate shall provide evidence to the Buyer that the above insurances have been effected. During execution of the contract, the Candidate shall, when required, provide the Buyer with copies of the insurance policies and the receipts for payment of premiums.

17. INTELLECTUAL AND INDUSTRIAL PROPERTY RIGHTS

All reports and data such as maps, diagrams, drawings, specifications, plans, statistics, calculations, databases, software and supporting records or materials acquired, compiled or prepared by the Candidate in the performance of the contract shall, with the copyright thereto, be the absolute property of the Buyer. The Candidate shall, upon completion of the contract, deliver all such documents and data to the Buyer. The Candidate may not retain copies of such documents and data and shall not use them for purposes unrelated to the contract without the prior written consent of the Buyer.

18. RECORDS

The Candidate shall keep separate, accurate and systematic records and accounts in respect of the services in such form and detail as is customary in the profession and sufficient to establish accurately that the number of working days and the actual reimbursable expenditure identified in the Candidate's invoice(s) have been duly incurred for the performance of the services.

For a fee-based contract, timesheets recording the days worked by the Candidate's personnel must be maintained by the Candidate. The timesheets must be approved by the Buyer or any person authorised by the Buyer or the Buyer itself on a monthly basis. The amounts invoiced by the Candidate must correspond to these timesheets. In the case of long-term experts, these timesheets must record the number of days worked. In the case of short-term experts, these timesheets must record the number of hours worked. Time spent travelling exclusively and necessarily for the purpose of the Contract may be included in the numbers of days or hours, as appropriate, recorded in these timesheets.

Such records must be kept for a 7-year period after the final payment made under the contract. These documents comprise any documentation concerning income and expenditure and any inventory, necessary for the checking of supporting documents, including timesheets, plane and transport tickets, pay slips for the remuneration paid to the experts and invoices or receipts for reimbursable expenditure. Failure to maintain such records constitutes a breach of contract and will result in the termination of the contract.

19. OBLIGATIONS OF BUYER

19.1. The Buyer shall provide the Candidate as soon as possible with any information and/or documentation at its disposal which may be relevant to the performance of the contract.

On all matters properly referred to it in writing by the Candidate, the Buyer shall give its decisions so as not to delay the services, and within a reasonable time.

19.2. The contract shall specify whether the Buyer is to provide the Candidate with equipment, facilities, counterpart personnel or specific assistance, and shall detail under which conditions. If the provision of such agreed counterpart personnel, equipment, facilities and assistance is delayed or not forthcoming, the Candidate shall endeavour to perform the Services as far as is possible. The parties shall agree on how the affected parts of the services shall be carried out, and the additional payments, if any is due, to be made by the Buyer to the Candidate as a result of additional expenditures.

Contracts are either "global price" or "fee-based".

20.1. Fee-based contract

In consideration of the services performed by the Candidate under the contract, the Buyer shall make to the Candidate such payments of fees and such reimbursement of costs as provided in the contract.

Fees shall be determined on the basis of time actually spent by the key experts in the performance of services at the fee rates specified in the contract. Fee rates are deemed to remunerate all the activities of the Candidate in the performance of the services and to cover all expenses and costs incurred by the Candidate which are not included in the agreed reimbursable costs.

The Buyer shall reimburse to the Candidate the reimbursable costs and expenses specified in the contract, actually and reasonably incurred in the performance of the services.

Costs and expenses which are not mentioned in the contract shall be deemed covered by the overhead of profit included in the fees.

The currency of payments of fees and reimbursable costs and applicable exchange rates are set out in the contract.

20.2. Global price contract

The global price covers both the Candidate's and its personnel's fees and all expenses to be incurred for the performance of the contract. The global price is in consideration for all obligations of the Candidate under the contract and all matters and things necessary for the proper execution and completion of the services and the remedying of any deficiencies therein.

20.3. Revision

Unless otherwise stipulated in the contract, the global price of a global price contract and the fee rates of a fee-based contract shall not be revised.

20.4. Guarantees

In the case an advance payment for fees and for reimbursable costs (fee-based contract) or a pre-financing payment (global price contract) is agreed in the contract, its payment by the Buyer shall be subject to the prior presentation by the Candidate to the Buyer of an approved performance security, advance payment or pre-financing guarantee, if so agreed and under the conditions specified in the Service Contract.

20.5. Conditions of Payment

Payments will be made by the Buyer with the frequency, instalments, time limits, amounts and currencies, and under the conditions, in particular on the contents of invoices, specified in the special conditions of the contract. 20.6. Late payment

If the time periods laid down for payments by the Buyer have been exceeded by more than two months and where the Buyer cannot invoke a case of suspension or withholding of payments provided for in these terms and conditions, the Candidate may claim interest calculated on any amount due, prorata on the number of days of delay at the official bank rate of the beneficiary country (if amounts due are in the currency of that country), or at the rate applied by the European central bank (where amounts due are in Euro), plus 2% per year.

21. DELAYS IN PERFORMANCE

If the Candidate does not perform the services within the period of implementation specified in the contract, the Buyer shall, without formal notice and without prejudice to its other remedies under the contract, be entitled to liquidated damages for every day, or part thereof, which shall

elapse between the end of the period of implementation specified in the contract and the actual end of the period of implementation.

The daily rate for liquidated damages is calculated by dividing the contract value by the number of days of the period of implementation.

If these liquidated damages exceed more than 15% of the contract value, the Buyer may, after giving notice to the Candidate:

- a) terminate the contract; and
- b) complete the services at the Candidate's own expense

22. BREACH OF CONTRACT

Either party commits a breach of contract where it fails to discharge any of its obligations under the contract.

In any case where the Buyer is entitled to damages, it may deduct such damages from any sums due to the Candidate or call on the appropriate guarantee.

23. SUSPENSION OF PERFORMANCE

The Candidate shall, on the request of the Buyer, suspend the performance of the services or any part thereof for such time and in such manner as the Buyer may consider necessary.

In such event of suspension, the Candidate shall take immediate action to reduce the costs incident to the suspension to a minimum. During the period of suspension, and except where the suspension is due to any default of the Candidate, the Candidate shall be reimbursed for additional costs reasonably and necessarily incurred by it as a result of the suspension.

26.2 Termination by Buyer for convenience

The Buyer may terminate the contract in whole or in part for its convenience, upon not less than 14 days' notice. The Buyer shall not use this right of termination in order to arrange for the services to be executed by another Candidate, or to avoid a termination of the contract by the Candidate.

27. TERMINATION BY THE CANDIDATE

The Candidate may terminate the contract after giving a 7 days' notice to the Buyer in any of the following cases:

- a) the Candidate has not received payment of that part of any invoice which is not contested by the Buyer, within 90 days of the due payment date,

If the Candidate is a natural person, the contract shall be automatically terminated if that person dies.

28. RIGHTS AND OBLIGATIONS UPON TERMINATION

28.1. Upon termination of the contract by notice of either party to the other, the Candidate shall take immediate steps to bring the services to a close in a prompt and orderly manner and in such a way as to keep costs to a minimum.

The Candidate shall not be entitled to claim, in addition to the above sums, compensation for any loss or injury suffered.

28.3. In case of termination of the contract for any reason whatsoever, any pre-financing guarantee which might have been granted to the Buyer under article 20.4, may be invoked forthwith by the Buyer in order to repay any balance still owed to the Buyer by the Candidate, and the guarantor shall not delay payment or raise objection for any reason whatever.

28.4. If the Buyer terminates the contract under article 26.1, it shall be entitled to recover from the Candidate any loss it has suffered up to that part of the contract value which corresponds to that part of the services which has not, by reason of the Candidate's default, been satisfactorily completed.

ANNEX 6: CODE OF CONDUCT FOR CONTRACTORS

CODE OF CONDUCT FOR CONTRACTORS

ETHICAL PRINCIPLES AND STANDARDS

By this Code of Conduct, the Buyer applies ethics to procurement. We expect our Candidates to act socially and environmentally responsible and actively work for the implementation of the standards and principles in this Code of Conduct. The Code of Conduct is applicable for all our Candidates who supply goods, services and works to our operations and projects.

This Code of Conduct and its related principles and standards are based on recommendations from the UN Global Compact principles¹ and ECHO's Humanitarian Aid Guidelines for Procurement 2011².

General Conditions

The Code of Conduct defines the ethical requirements and standards for our Candidates, whom we expect to sign and respect the Code of Conduct, and work actively towards the implementation hereof. By signing the Code of Conduct Candidates agree to place ethics central to their business activities.

The provision of the ethical standards constitutes minimum rather than maximum standards. International and national laws shall be complied with, and where the provisions of law and the Buyer's standards address the same subject, the highest standard shall apply.

It is the responsibility of the Candidate to assure that their Candidates and sub-contractors comply with the ethical requirements and standards set forth in this Code of Conduct.

The Buyer acknowledge that implementing ethical standards and ensuring ethical behaviour in our supply chain is a continuous process and a long term commitment for which we also have a responsibility. In order to achieve high ethical standards for procurement we are willing to engage in dialogue and collaboration with our Candidates. In addition we expect our Candidates to be open and willing to engage in dialogue with us to implement ethical standards for their businesses.

Unwillingness to co-operate or serious violations of the Code of Conduct will lead to termination of contracts.

Human Rights and Labour Rights

Candidates must at all times protect and promote human- and labour rights and work actively to address issues of concern. As a minimum they are obliged to comply with the following ethical standards:

- *Respect for Human Rights* (UN Universal Declaration of Human Rights)
The basic principles of the Universal Human Rights are that all human beings are born free and equal in dignity and in rights, and everyone has the right to life, liberty and security of the person. Candidates must not flaunt their responsibility to uphold and promote the Human Rights toward employees and the community in which they operate.
- *Non exploitation of Child Labour* (UN Child Convention on the Rights of the Child, and ILO Convention C138 & C182)

Candidates must not engage in the exploitation of child labour³ and Candidates must take the necessary steps to prevent the employment of child labour. A child is defined as a person under the age of 18 and children shall not be engaged in labour that compromise their health, safety, mental and social development, and schooling. Children under the age of 15 (in developing countries 14) may not be engaged in regular work, but children above the age of 13 (in developing countries 12) can be engaged in light work if it does not interfere with compulsory schooling and is not harmful to their health and development.

- *Employment is freely chosen* (ILO Convention C29 & C105)
Candidates must not make use of forced or bonded labour and must respect workers freedom to leave their employer.
- *Freedom of association and the right to collective bargaining* (ILO Convention C87 & C98)
Candidates must recognise workers right to join or form trade unions and bargain collectively, and should adopt an open attitude towards the activities of trade unions (even if this is restricted under national law).
- *Living wages are paid* (ILO convention C131)
As a minimum, national minimum wage standards or ILO wage standards must be met by Candidates. Additionally a living wage must be provided. A living wage is contextual, but must always meet basic needs such as food, shelter, clothing, health care and schooling and provide a discretionary income⁴ - which is not always the case with a formal minimum wage.
- *No discrimination in employment* (ILO Convention C100 & C111 and the UN Convention on Discrimination against Women)
Candidates must not practice discrimination in hiring, salaries, job termination, retiring, and access to training or promotion - based on race, national origin, caste, gender, sexual orientation, political affiliation, disability, marital status, or HIV/AIDS status.
- *No harsh or inhumane treatment of employees* (ILO Convention C105)
The use of physical abuse, disciplinary punishment, sexual abuse, the threat of sexual and physical abuse, and other forms of intimidation may never be practiced by Candidates.
- *Working conditions are safe and hygienic* (ILO Convention C155)
Candidates must take adequate steps to provide safe and hygienic working environments. Additionally workers safety must be a priority and adequate steps must be taken to prevent accidents and injury to health associated with or occurring in the course of work.
- *Working hours are not excessive* (ILO Convention C1 & C14)

Candidates must ensure that working hours comply with national law and international standards. A working week of 7 days should not exceed 48 hours and employees must have one day off per week. Overtime shall be compensated, limited and voluntary.

- *Regular employment is provided* (ILO Convention C143)
All Work performed must be on the basis of a recognised employment relationship established through international conventions and national law. Candidates must protect vulnerable group's regular employment under these laws and conventions and must provide workers with a written contract.

International Humanitarian Law

Candidates linked to armed conflicts or operating in armed conflict settings shall respect civilian's rights under International Humanitarian Law and not be engaged in activities which directly or indirectly initiate, sustain, and/or exacerbate armed conflicts and violations of International Humanitarian Law⁵. Candidates are expected to take a 'do no harm' approach to people affected by armed conflict.

Additionally, Candidates shall not be engaged in any other illegal activity.

Involvement in Weapon Activities

The Buyer advocates for the Ottawa Convention against landmines and the Convention on Cluster Munitions against cluster bombs. Candidates shall not engage in any development, distribution, sale, or manufacturing of anti-personnel mines, cluster bombs, components, or any other weapon which feed into violations of International Humanitarian Law and Human Rights.

Protection of the Environment

The Buyer wishes to minimise the environmental damages applied to nature via our procurement activities and we expect our suppliers and Candidates to act in an environmentally responsible manner. This involves respecting applicable national and international environmental legislation and acting in accordance with the Rio Declaration.

As a minimum Candidates should address issues related to proper waste management, ensuring recycling, conservation of scarce resources, and efficient energy use.

Anti-Corruption

Corruption is by the Buyer defined as the misuse of entrusted power for private gain and it includes bribery, fraud, embezzlement and extortion. The Buyer holds a great responsibility to avoid corruption and ensure high standards of integrity, accountability, fairness and professional conduct in our business relations. Candidates are expected to have the same approach by undertaking good and fair business ethics and practices, take action to prevent and fight corruption, and abide by international conventions as well as international and national laws. To fight corruption and promote transparency, Candidates who are confronted with corrupt practices are advised to file a complaint in a Complaint Mechanism⁶.

A Candidate's involvement in any form of corrupt practice during any stage of a selection process, in relation to the performance of a contract or in any other business context is unacceptable and will lead to the rejection of bids or termination of contracts.
